

DJ CHIRAG ENTERTAINMENT LLC

DJ Performance Contract PLEASE READ THIS CONTRACT THOROUGHLY

This contract serves as a formal agreement between the organizer of the given event, and DJ CHIRAG Entertainment. All entertainment services offered by DJ CHIRAG Entertainment are inclusive as stated in this contract. A non-refundable deposit is required for all contracts and second payments must be made in a timely manner. **Balance is due 2 weeks before event begins, if full amount has not been paid in full upon initial booking. We reserve the right to delay event sound and lighting set up until balance has been paid.**

Insurance Policy: We are a fully insured DJ Service provider with a 1 million dollar liability policy covered by GREAT AMERICAN ALLIANCE INSURANCE COMPANY. This covers bodily and personal injury and property damage as a result of accident or negligence by your guests or persons present at the venue during our **contracted time** of performance as stated in this contract, **including** the time of set up, time of break down, and loading/unloading equipment.

Terms of Agreement

1. **Any special requests (special songs, etc...) should be made at least 10 days in advance, before the event.** Although we have a wide collection of all types of popular music, there may be special, not so popular songs that we may or may not have. We will not be held responsible for not having a song if it was not requested 7 days in advance.

1a. **Your event agenda should be finalized at least 10 days prior to your event date, and any changes which affect the music or DJ's ability to provide music should immediately be conveyed to DJ CHIRAG Entertainment.** DJ CHIRAG Entertainment is not responsible for agendas sent at the last minute (e.g. night before the event). We do NOT accept last minute handwritten changes to the event itinerary by ANYONE unless approved by the organizer who has signed this contract. This is to ensure a smooth event.

2. **At least one sturdy 6-foot table MUST be provided to be used for setting up of music equipment (Two 6-foot tables are preferred).** For **outside processions**, a 6 foot table must be set up at an agreed upon location outside the venue premises where adequate power supply is present. The organizer will be held responsible for meeting this requirement. We have the right to refuse/delay equipment set-up if this requirement is not met OR if something of a lesser nature is provided. This is to ensure safety of your guests and of the equipment.

3. **In the case where your event continues longer than the agreed ending time, a \$300 dollars rate will apply for each additional half hour.** (Not applicable for all day wedding packages).

4. **Last Song Policy:** The last song of the evening shall be announced 2-3 songs prior, informing all the guests that the event is about to come to a close. Once the last song is played and final announcements made, we will NOT honor any "one more song" requests by anyone, including the organizer. If you do not specify the last song of your choice, we will pick an appropriate one for you.

I have read and agree to the terms above. Please initial: _____

5. To protect you and the success of your event: If we are unable to provide our services on the day of the event for a reason due to uncontrollable circumstances, we maintain the right to sub-contract this contract out to our partner DJ/Entertainment providers who we deem competent to represent us. **In such an extreme case the organizer shall be notified immediately.** Uncontrollable circumstances can include extreme weather conditions, mechanical problems, sickness, or any other acts of God or nature. All agendas, song lists, and requests will be thoroughly conveyed to our partner DJs. DJ CHIRAG Entertainment will never leave you stranded without a DJ.

6. All performances and dances **must** be given to DJ CHIRAG Entertainment in ADVANCE and must be in the event itinerary. No spur of the moment, last minute dances or dance changes will be permitted during the day of the event. All skits and songs must be PRE-MIXED and given in the order to be played. We will NOT mix any songs live for any skits or performances. No last minute “fade out” times, all performers songs must be prepared and cut in ADVANCE. All USB for performances and skits must be clearly marked with track number to be played and name of performers as they appear in the wedding itinerary, and all songs must be on USB or emailed as mp3s one week before, IN ORDER of performance. All performance material must be on USB or mp3 format. To ensure a smooth, enjoyable event for you and your guests, we will not accept any violations to these rules. We encourage you to email the mp3s for all skits and performances 1 week before your event. Please note: We will not become the music coordinators and song timing controllers for complicated dance productions. (Do not use CD-RWs, they will not work on DJ systems). No cassette tapes will be accepted by DJ CHIRAG Entertainment or company employees. – NO EXCEPTIONS TO THIS CLAUSE.

7. **Balance is due 2 weeks before start of event, if full amount has not been paid in full upon initial booking.** WE will NOT start the music until the balance has been taken care of. **(If you are incapable of paying the balance, you must assign a point of contact on your behalf).** Some common reasons for being incapable are: you are intoxicated, you do not have your checkbook or cash, you are physically not at the location of the event, or any other reason which may render you incapable of paying the balance.

8. We are not liable for any items left at or around the DJ booth area which do not belong to DJ CHIRAG Entertainment. All performers and guests CDs, DVDs, laptops, cameras, bags, purses, and any other items of whatever value must be taken back by their rightful owners, as we will not be held responsible for their loss. All unclaimed lost and found items of any value will be given to the venue management.

9. Backup DJ equipment – DJ CHIRAG Entertainment uses the finest quality sound equipment that is the industry standard in the mobile DJ scene. In case of equipment failure, we have backup equipment or a backup plan ready, such as extra speakers, cd players, hard drives, and laptops. If equipment was to fail during your event, we would quickly respond by replacing it with backup equipment. This is usually seamless, and your event will not even be interrupted by it. *However in case of major failure (such as hard drive or power strip failure), there maybe a few minutes of downtime while we replace equipment - electronic failure is out of our control.*

10. Audio output for video cameras – As a professional courtesy, we will provide a separate audio output for your videographer if he/she needs one, as long as our DJ mixer that is being used at that given time allows it. This is a free service and we are not obligated to provide this. Furthermore, we are not responsible for the sound quality of your video due to our mixer’s audio output. This is your videographer’s job to adjust his camera settings. We only ensure the quality of the live sound from our DJ systems and speakers for your event, and we are not held responsible for your videographer’s sound being recorded from our DJ mixer.

I have read and agree to the terms above. Please initial: _____

Terms of equipment loading, unloading, and set up:

11. For **non-elevated** or **halls with no ramped loading docks**: A surcharge of \$300 will apply if equipment needs to be taken up and down more than 5 stair steps (even if this is at the loading dock), as the DJ will need to hire extra help to manually carry heavy weight speakers (150 lbs+) and other sound equipment where a cart cannot be rolled upon. We do not allow your guests or family members to help us carry our equipment. This is to ensure the safety of your guests and of the equipment. Please let us know beforehand if your venue has stairs or steps. We are familiar with most of the popular venues in NC, SC, GA, FL, AL, but obscure, lesser known venues, you must find out the loading situation beforehand, or this surcharge will apply.

12. Location of the DJ equipment set up must be made clear prior to the event. You must notify DJ CHIRAG Entertainment, the management of the venue, the maitre'd of the venue, as well as all relevant contact people where the DJ booth location will be. Once the DJ equipment has been set up, or is in the process of being set up, it is very time consuming and labor-intensive to move the heavy equipment to another location. **A surcharge of \$350 will apply IF the DJ equipment set up needs to be moved to a different location of the hall once everything is wired, OR if the equipment is in the process of being wired and secured** (wires being taped down). Please keep in mind that relocation of the DJ equipment set up involves more set up time for disconnecting, moving, reconnecting, and securing and taping down all exposed wiring. This will *drastically* delay the start time of your event.

13. **Song mixing service** – We offer song mixing services if you need to mix multiple songs together into one dance. The charge for this is \$50 per mix. All required songs must be emailed to us as mp3s, along with cut timings. We will professionally put the mix together in our studio and email you back a final version. Please allow 3 weeks minimum from the time you have sent instructions.

14. Final event itinerary must be in MS Word format or PDF format in no less than size 12 Times New Roman font. Requested songs must be next to event in the order they are to occur (e.g. Introduce Parents of the Bride, Mr. and Mrs. Patel – Play song “Celebration”). Sample itineraries will be provided for weddings, receptions, and engagements. Final itinerary must be ONE document. Multiple docs will not be accepted. Also see clause 1a.

Deposit

15. **In the event that your event is canceled or postponed, DJ CHIRAG Entertainment will hold the nonrefundable deposit towards another date that is selected or event. We understand that certain circumstances are unavoidable and clients do have to reschedule or postpone their event(s).**

If your event CAN NOT be rescheduled to a future date, and decide to cancel the event, you will lose 100% of deposit amount. NO RETURNS/REFUNDS WILL BE ISSUED.

I have read and agree to the terms above. Please initial: _____

POINT OF CONTACT REQUIREMENTS

Prior to the wedding date, we will deal with only ONE point of contact for song requests, itinerary, and scheduling. This contact can be the bride/groom couple, a wedding coordinator, or anyone else who has been designated to plan the event. We will NOT deal with multiple people in your pre-planning (parents, siblings, friends, cousins, etc.). All requests must be funneled through via one designated point of contact. No Exceptions.

On the day of the event, we ask that you designate one point person that acts as a liaison between the bride and groom and the DJ to give instructions. Only that person will be respected for instructions during the function to avoid confusion.

SITE REQUIREMENTS:

In order to facilitate the professional management of your event, we at DJ CHIRAG Entertainment would like to make you aware of the following requirements and provide a checklist that will ensure a smooth loading in and setup of our equipment to assist in a prompt start time of your event. Please let your venue know that we will be need:

- **1 Six Foot Tables set up in front and back of each other**
- **If Applicable:**
 - **Tables must be set up near a power supply of a minimum of 3 Separate 20 Amp Circuits. 4 Separate 20 Amp Circuits are required if DJ CHIRAG Entertainment is providing an upgraded lighting and 4 Speaker Sound System Package.**
 - **If Applicable: Power Box/Spider Box Is Needed and Will Be Paid By The Client**

An adequate power supply will ensure that the circuits do not break in the middle of your event, causing all power and music to suddenly turn off.

WIRELESS MICROPHONES:

We at DJ CHIRAG Entertainment, use only the finest quality equipment to ensure satisfaction at your event. We provide wireless microphones for your convenience, during wedding ceremonies, speeches, and at various other points throughout your function for ease and flexibility. We, however, cannot guarantee or be responsible for the accuracy of wireless transmitted systems, the same way that cell phone signals / transmission, FM Radio, or VHF and Satellite Television signals cannot be guaranteed 100% accurate all the time. In the extreme case of wireless equipment failure or problems, a state of the art Shure SM-58 or Audio-Technica Industry Standard Microphone with a cord will be provided to maintain the quality of your event.

~Memories that last a lifetime~

~ ADDITIONAL SERVICE OPTIONS ~

→LED/3D/STARLIGHT DANCEFLOORS: \$3000+ (depending on size)

Customize your dance floor with led color/starlight/3d effect display to bring that wow factor to your dance floor.

→LED ROBOT: \$600+ (Really get the party started with this LED Robot!)

LED stilt performers varying between 7-10 feet and covered in state-of-the art LED lighting technology programmed to light up to the rhythm, in a unique pattern or a solid color depending on your preference. Our event entertainers come with a handler and a sound technician to make sure your event goes smoothly. Our robot performers can choreograph and freestyle. They can perform up to 45 mins - 1 hour per set.

→CUSTOM MONOGRAMS: \$300+

Customize your names or initials and display them on the wall of your ballroom.

→PROJECTORS + SCREENS \$2500+

Many sizes and options available to accommodate for your venue. We provide an A/V technician, HDMI video splitter, and full dress kit with all of our projection packages.

→LED VIDEO WALLS \$3000+ (depending on size)

Ask us about how we can create a custom Video Wall for your wedding, displaying your pictures, slideshows, videos & more. Additionally, the DJ will utilize the video wall during the dancing portion of the evening to compliment his music and create a level of energy that your guests will remember for the years to come.

Frequently Asked Questions

1. IS THIS YOUR FULL TIME JOB?

Yes – this is what we do for a living with passion. All our energy and efforts are dedicated to making each event perfect. Hiring a DJ that is in the business full time allows our clients to feel assured that we will provide a professional, reliable service, and we're not after some quick weekend cash.

2. HOW DO YOU MIX THE MUSIC?

Mixing is a pretty basic skill for a professional disc jockey, but how a DJ does it says a lot about his or her style. Our DJs mix music for the purpose of creating high-quality seamless transitions between songs and maintaining the energy and momentum on the dance floor. Mixing for us is something we do on the spot, based on the tempo and "feel" of the songs and the reaction of the crowd.

We don't treat your wedding like it's our personal nightclub appearance, and we don't use your wedding to test out remixes that no one recognizes. We also don't use any cheesy, prefabricated "DJ mixes" with corny sound effects and we don't treat every transition between songs as an opportunity to show off our ability to scratch. Instead, our DJs focus on making the perfect transition between each song and building sets that maximize the amount of dancing and fun at your event.

3. HOW INVOLVED CAN WE BE IN SELECTING THE MUSIC FOR OUR EVENT?

We encourage you to be as involved as you would like to be! Most of our clients place great value on music and probably have very distinct ideas about what they want to hear. Sharing a playlist from Spotify or other music platforms is recommended to understand your music. If you would like to select every song, we are happy to accommodate you. The majority of our couples, however, prefer to discuss with their DJ, in depth, their preferences and at least a few specific requests. We pride ourselves on listening to our clients and respecting their input and wishes, while providing additional suggestions and guidance when appropriate. Rest assured, you will never hear songs you have asked not to be played, or genres you've told us you don't like.

4. ARE YOU INSURED?

Yes – we carry full liability insurance policy and are happy to provide it to your venue.
