I just booked a new vendor! DJ services called "wassup DJ" for \$1500. Made the first payment today for \$1000 and have another payment of \$2000 three days before the wedding.

Thanks for booking wassup DJ! I've got the first payment of \$1,000 recorded for today (April 9th), with a second payment of \$2,000 due three days before the wedding (November 11th).

Just bought my reception tent for \$200 paid with my Venues X
